HEALTHCARE IT & BIOMEDICAL SOLUTIONS

End-to-End Healthcare Technology Partner

Delivering Precision Healthcare Through Technology & Innovation.

At Trident MEA Technologies, we provide integrated Healthcare IT and Biomedical solutions for hospitals, clinics, laboratories, and healthcare facilities across the UAE.

Our expertise combines secure IT infrastructure, biomedical engineering, clinical integration, and long-term support—helping healthcare providers operate efficiently, securely, and reliably.

- ▀ Single Partner for Healthcare IT & Biomedical Solutions
- ▀ OEM & Multi-Brand Expertise
- ▀ Fast Response SLA-Based Support
- ▀ Healthcare Compliance Focused
- ▀ Turnkey Project Delivery Across UAE & GCC
- ▀ Long-Term AMC & Lifecycle Support

Solutions We Offer

Integrated Healthcare Technology

The Digital Backbone of Modern Healthcare

Infrastructure & Security

- ▀ Structured Cabling & Network Setup
- ▀ Server Rooms & Data Centers
- ▀ Secure Wi-Fi Systems
- ▀ Cybersecurity & Firewall Protection
- ▀ Backup & Disaster Recovery

Patient Identification & Pharmacy Solutions

- ▀ Patient ID & Smart Card Systems
- ▀ Barcode & Wristband Solutions
- ▀ Medication Labeling & Tracking
- ▀ ID & Document Scanning Systems

Smart Healthcare Communication & Collaboration

Unified Communications

- ▀ IP Telephony Solutions
- ▀ Nurse & Clinical Communication Systems
- ▀ Voice & Video Collaboration
- ▀ Secure Internal Communications
- ▀ Emergency Communication Systems

Contact Center & Patient Experience

- ▀ Patient Contact Centers
- ▀ Appointment Management Solutions
- ▀ Omnichannel Patient Engagement
- ▀ Voice, Email, Chat & WhatsApp Integration
- ▀ Customer Experience Analytics

Clinical Systems Integration

- ▀ HIS / EMR / EHR Integration
- ▀ PACS & RIS Connectivity
- ▀ Nurse Call Systems
- ▀ Queue Management Systems
- ▀ Smart Patient Room Solutions

Clinical Mobility & Point-of-Care Solutions

Designed to provide clinicians with secure access to patient information wherever care is delivered.

Solutions

- ▮ Medical Carts & Workstations
- ▮ Mobile Nursing Stations
- ▮ Bedside Computing Solutions
- ▮ Telemedicine Carts
- ▮ Mobile Diagnostic Workstations
- ▮ Point-of-Care Documentation Systems

Biomedical Engineering Solutions

Clinical Equipment & Lifecycle Support

Medical Equipment Supply

- ▮ Patient Monitors
- ▮ ECG Machines
- ▮ Defibrillators
- ▮ Ventilators
- ▮ Infusion & Syringe Pumps
- ▮ Ultrasound Systems
- ▮ Anesthesia Machines
- ▮ Operation Theater Equipment

Biomedical Support Services

- ▮ Installation & Commissioning
- ▮ Preventive Maintenance (AMC)
- ▮ Corrective Maintenance & Repairs
- ▮ Asset Tagging & Equipment Audits

Laboratory & Specialized Equipment

- ▮ Laboratory Equipment
- ▮ Diagnostic Devices
- ▮ Sterilization Systems

Radiology & Imaging Solutions

Advanced Diagnostic Imaging & Integration

Imaging Systems & Output

- ▮ Digital X-ray & Imaging Solutions
- ▮ Medical Dry Imaging Systems (Film Printers)
- ▮ Diagnostic Displays & Radiology Monitors
- ▮ Imaging Workstations

Radiology IT & Integration

- ▮ PACS (Picture Archiving & Communication Systems)
- ▮ RIS (Radiology Information Systems)
- ▮ DICOM Integration
- ▮ HIS / EMR Connectivity
- ▮ Image Storage & Archiving Solutions

Workflow & Reporting

- ▮ Teleradiology Solutions
- ▮ Reporting & Dictation Integration
- ▮ Workflow Automation Systems
- ▮ Medical Film Printing Systems
- ▮ Dry Imaging Solutions (e.g., Fujifilm DryPix EDGE)
